Dear sir

On this day I send you
a porcupine tail for you.
It is the kind that Indians used
for comb their hair with. And it
is one of old.
I came out here about two weeks
ago and I like it very much
and I think I'll send for my
wife and stay out here, all together.
I am well. How are you?
Let me hear from you and tell
me if you get the tail.

I am sir yours very
respectfully.
