This image shows a single sheet of white paper with horizontal ruling lines. The lines are evenly spaced and run across the width of the page. There is a small yellow mark or sticker near the top right corner. The paper appears to be part of a notebook or binder.

Blue-gray Gnatcatcher

[illegible]

COMMENTS:

I can't explain the ~~why~~ why of a Blue gray Gnatcatcher on 11/12/80 at Squaw Creek which was 58 days later than my previous latest record. There is no question about the identity of it. I was close to it watched it for plenty of time. It was in one of the well wooded areas there.
