Mr. Harry L. George
St. Joseph, Mo.

Oakland, Jan. 24 '20.

Dear Sir:

Wish to acknowledge receipt of your letter Jan. 12.
January 6 I wrote Mr. Lutzman relative sale of my Basket -
Mr. Lutzman's answer I herewith enclose.

Up to date I have not heard from party to whom Mr. Lutzman
submitted photograph of Basket.

Whatever arrangements I shall make regarding the sale of
Collection - be assured you will hear from me in due time
so you can make the desired selection - I prefer you
to have certain prices on account of your great & valuable
collection in general.

While you write in last letter my statement regarding the
Purple Blanket is satisfactory to you - I ask you kindly to
read the letter concerning myself (herewith enclosed) written by
Prof. Carlos Froyer of the Academy of Science - San Francisco -
Hope this letter will convince you I am not a mere collector of
yesterday - but an old time and conscientious collector of
Indian material.

Kindly return letter of Carlos Froyer as I wish to keep it -

Overlooked your request (in letter Dec. 23) concerning the
oblong Basket in the extreme upper right hand corner -
(fancy design on inside & outside) on photograph representing
the collection generally.

This is an old Pomo Basket - worth about 15⁰⁰.

The feathered Basket (the 4th) in the right hand corner -

F. W. Bohle

2

I sold several years ago at \$100⁰⁰.

(Now in San Francisco Museum)

Will write you again as soon I hear from lady -
to whom Mr. Gutman sent Photograph of Basket.

I remain

Most respectfully
F. W. Bohle

Gentlemen:

Your favor of July 10th just received.

Regarding your inquiry of the standing and reliability of Mr. Fred W. Bohle, 5487 Kales Ave., Oakland, Calif., will state that I have known Mr. Bohle for a number of years, as an enthusiastic conscientious and thoroughly reliable collector.

His collections of archeological and Indian relics on exhibition at the Golden Gate Park Museum, are pronounced both genuine and exceedingly valuable, by our best Government experts. His many years of experience and thorough knowledge of what is genuine, has gained him the confidence of many scientific institutions. I can therefore only re-iterate that I consider Mr. Bohle one of the most reliable, best informed and most courteous gentlemen to deal with in the matter of rare and genuine curios of archeological or Indian character, and trust his work and knowledge implicitly.

Very cordially,

(Signed) Carlos Troyer.
