Clear, hot & Windy. Temperatures low 57° high 86°.
(over)

3/24/67 Sometime this afternoon a grass fire got started near Napier, Mo. which is at the Southwest corner of the Squaw Creek Wildlife Refuge. The wind was in the southwest ~~and~~ very strong so the Refuge lost quite a bit of its marsh grass cover. Before it was brought under control they claim that 9,000 acres of grass all the way to Mound City was burned off.

cloudy, damp all day with some light rain.
Temperature low about 54° high 76° Because tomorrow
is Easter Sunday I had to work all day today.

John Hamilton called me about 10 AM & told me about seeing
the Snowy Plover at Browning Lake. I couldn't get away
until 4 PM. But the bird was still feeding in the
same place. Pearl & Lois drove to Squaw Creek this
afternoon. They said that the Squaw Creek area was
not burned nearly as bad as had been reported.

Today was cloudy, damp with a small bit of rain and chilly. I banded 6:45 am to 8:45 am at Krug Park. Pearl + I then banded at airport, out west on Mitchell Ave Road and east of town near where I banded 1 P.M. to 7 P.M. here to SQ and back by way of Honey Creek. I have a badly infected tonsil and my throat kept swelling all day. At about 5 P.M. I felt and was afraid that it might even effect my breathing so I had Si bring me home. We then called Mr. Benson. He gave me a shot of penicillin and three kinds of medicine to take.

Weather today was variable. Part of the time it was clear but most of the time it was cloudy. It was warmer early this morning but cooler this afternoon. Windy most of the time. I birded by my self 6 a.m. to 8 a.m. at Krug Park and 8 a.m. to 9:30 at the Airport. I then ate breakfast and then Pearl & I birded near Wholesale 10 a.m. to 12 noon. Bob Brown picked me up at 1 p.m. & we birded here to Squam Creek and back home at 8 p.m. Also saw a Hog nosed Snake in Krug Park this morning.

33. Field Sparrow	3	near whse - ML

Clear & warm. Low about 51° high about 82° I birded by myself this afternoon. It was a wonderful day for birding but no birds. It was surprising how scarce they were.

Sunday April 16, 1967
