

We also saw a pure white blackbird. It was flying in a flock of Redwings.

at 4 P.M. we headed for Squaw Creek. We ate our supper of fried chicken on the road. The owl was not in its accustomed place. I had about given up on it when Pearl found it. We also looked for a Sandhill crane that had been seen there earlier in the day but we missed it. It came in about a week ago.

Today was mostly clear + nice after a nice little shower during the night. Temperatures were low about 49° high about 72°. Pearl + I took food + water to a dog that I have seen laying in the same spot the last three days on a country road. I was afraid that it had been hit and crippled but when I fed the dog it showed no signs of being hit at all. It wouldn't let me get close to it. I believe it would have bitten me but it did eat half a can of dog food.

This was really a red letter day for me.

pearl + I left food + water for our dog this a.m. It wasn't there but we felt that it might be back.

I birded 8 AM till 12 Noon all around home, KP, O, LC. + AP. with Pearl. Bob, Si + Moya came by at 12:15 PM + picked me up + we headed straight for Senua Creek. There at 1 PM. we met Roger Torg Peterson + his wife Barbara. We birded all afternoon until 7 PM with them, Harold Burgess and Dave Easterla. John + Julie Hamilton and Hugh + Sally Sprague also met them. They are very nice people. Today was clear + nice temperature wise but the wind was terrible all day. It blew from about 30 up to 60 MPH gusts. The temperatures were low about 48° high about 70°

Windy & chilly. Left St Joe at 2 P.M. Arrived in Columbia, Mo at 4:45 P.M. At Tiger Hotel attended a banquet in honor of R. A. Brown for his work as a conservationist for the past many years. It was an honor for Si, Dave Easterday, Richard Wolf, Ron Reynolds and myself to be asked to attend the banquet in his honor.
