

51. Song Sparrow 30 MAR
 52. Lapland Longspur 1000 near Trimble - J Smithville

When we got up this morning it was very cloudy, 31° and a deep blanket of snow on the ground. Pearl & I left home at 8:30 AM & drove south on 169 highway to Smithville, then on KK west to Covered Bridge. We then backtracked to the Trimble Wildlife area. We went from there north & east to Plattsburg and from there on home. After lunch I bled for two hours by myself at Krog Park and then Pearl & I drove out to my sparrow birding haunt on Mitchell Avenue Road near 102 River. Now at 6 PM it is 42° and clear. It has been very sloppy & muddy underfoot.

Monday, March 15, 1965

1. Sparrow Hawk	1	near W hse
2. Rock Dove	3	KP
3. G. S. Flicker	2	KP
4. Red-bellied Woodpecker	3	X - Nw. bud
5. Red-headed Woodpecker	4	Nw. bud
6. Downy Woodpecker	3	X - KP

I banded 8:30 A.M. till 6 P.M. with John Hamilton. Here to Lake Contrary, to Mud Lake. South from M.L. on highway 59 to highway 116. East on 116 to 169. Then to Trimble. From Trimble northeast to Platt'sburg. From there on shortest route to Squaw Creek. Then Ashland Co. after getting home. Cloudy, misty & foggy all day. Weather was worse as the day progressed. Very muddy underfoot. Roads at Squaw Creek were bad. So foggy at Squaw Creek we could see

only a short distance so no doubt we missed many birds. I had hoped to see at least 75 species. Temp. low about 35° high about 45°. John drove his car which was a good break for me. We saw six deer at Squaw Creek + one Opossum near there.

Today was partly cloudy. Temperature low about 38° high near 60°. Pearl & I started out at 8:45 am. Drove down Huntoon Road, through town to Lake Contrary and Mud Lake & then back home by noon. We took Lois' car because my truck had a flat tire. Larry changed it while we were gone. I took a walk on Nw. boulevard timber while Pearl fixed a bite of lunch. We then took a ride over my noon day route near the Wholesale house and wound up at the Airport & Browning Lake

Today was clear & almost hot for me (I prefer the cooler temperatures) Low about 35° high about 80°

Any time I list a bird as being seen everywhere it naturally means the areas that I travelled that day. A typically work day would be from home in the A.M. then my drive through King Park and two miles or so of Boulevard in getting to work. Then what walk or doing that I take on my noon hour. Sometimes of an evening I also go somewhere.

Today was clear + warm but very windy all day. Pearl + I started out at 7:30 am. + went down Hammon Road, Lake County, Mud Lake, back to Airport + Browning Lake + then my ride near the Wholesaler.

We got home at 12 Noon. Pearl, Lois + I then drove up the Amazonia Road to Honey Creek Wildlife area.

We didn't drive on the area because of mud holes in the road. About one mile this side of the area I was driving along and Lois shouted what is that.

When I saw what she was pointing at I saw that it was a scissor tailed flycatcher in beautiful breeding plumage just a short distance from the car. When we got home I took my walk through the My. Bld. timber. Temperatures low about 55° high about 68°.

92. Song Sparrow	10	HC-SA

Today was clear & cool all day although a bit windy. I started out at 6 PM with Si and Bob Brown. We hit Kong Park for a few minutes & then went to Honey Creek. We got home about 11:00 AM. Pearl & I birded then 11 AM till 1 PM east of ~~the~~ town with Pearl, Bob Brown, Si, Si's ~~dog~~ daughter Stephanie & a friend of hers and I then spent the rest of the day and evening at Quaw Creek. There are so many birds we missed that we should have seen easily 100 species. The low temp was about 40° and high about 60°.
