Today was mostly cloudy & rain. This

evening I was going to rush to Squaw Creek to try and see Thrice Glossy Vireo that was seen by Dave Easterday, Burgess, John Hamilton and Bob Brown. I just barely got home from work was a very hard wind and rain came up. Many large trees were completely uprooted and several houses were wrecked, one of them completely demolished. It has rained at least ten of the last twelve days. We have had about 5 inches of rain in the last three days. As of midnite tonite we have had 9.87 inch rain for Sept. and about 40 inches for the year.

Today was cloudy & cool all day. The temperatures were low about 48° high about 52°. I knocked off from work early at 3:30 P.M. and Pearl & I went to Squaw Creek. I had hopes of seeing the Glossy Ibis but we could not find them. They were first seen on Sunday Sept. 19th. and then Harold Burgess saw them again yesterday. The ducks were so thick and milling around in flight it was impossible for me to attempt to estimate each species.

Pearl and I spent the afternoon and evening at ~~the~~ Burgess estimated, 152,000 Pintail so if he was right then there must have been near 200,000 duck. The 239 cormorants were by actual count. Pearl & I counted three flocks. They were 113 - 116 - 10. Burgess saw two Western Grebes but Pearl & I saw only one.

~~Monday~~ Sunday, ~~the~~ October 3, 1965

Saturday October 9, 1965

This morning at 4:40 AM. Pearl, Larry & I left home. We picked up Floyd Meek & Tom Jeffers who are Larry's friends and Dale Flowers who is a birding friend of mine. We then at 5 AM headed for Lake Oahe State Park for the annual State Audubon meeting. At about 6:15 AM about 60 miles southeast of here while driving about 50 to 60 M.P.H. I came over a hill right on top of three deer in the road. I hit and killed ~~two~~ two of them. I was only about two miles from Polo, Missouri. A farmer towed me to a garage in Polo. I had a lot of work done on the car which took 3 1/2 hours before I could continue on to the Ozarks. There will have to be a lot of work done on the car yet when I get home. The Sheriff checked me out but O.K.'ed me. I felt bad all day over the thought of killing the deer. That bothered me more than the thought of damaging the car.

|                            |    |                      |

Today was cool, clear and nice all day.

Temperature was low 30° heavy frost & ice on bird bath this morning. Clear but coolest of day. High about 58°. Pearl and I bided 89m till 119m from home down Huntton Road to Lake Contrary, Mud Lake & back home. I then drove through Ashland Cemetery. I then spent afternoon in area near 102 River on Mitchel Ave. Road end at the Pony Express Lake near Stewartsville with Si Rositzky.

36 Song Sparrow

KP-AR

To day was another beautiful day. Clear + brisk, low about 50° high about 65°. I did all of my birding today by myself.

Monday, November 1, 1965

|                                  |    |            |
|----------------------------------|----|------------|
| 1. Red tailed Hawk               | 2  | near Whse  |
| 2. Killdeer                      | 2  | near Whse  |
| 3. Rock Dove                     | 3  | X - KP     |
| 4. Blue Jay                      | 2  | near Whse  |
| 5. Crow                          | 8  | Karnes Rd  |
| 6. Black capped Chickadee        | 1  | Whse       |
| 7. Starling                      | 50 | everywhere |
| 8. House Sparrow                 | 10 | X - Whse   |
| 9. Meadowlark (probably western) | 6  | near Whse  |
| 10. Common Grackle               | 50 | everywhere |
| 11. Common Goldfinch             | 3  | Karnes Rd  |

Today was clear + nice again. We have been forbidden again to drive our trucks on the Boulevard so that means I can't go to Koug Park on my noon hour. I can cover parts of the NW. Blvd along Karnes Road but that doesn't produce the birds that I can see along the Boulevard side.

This was another clear warm day. I had planned on driving down around the lakes this afternoon but just as I got down town one of the water hoses on the truck broke and I had to take it into the Ford Garage. They couldn't work on it so I picked up Lois's car and came on back home.

Last evening Dave Easterla called me from Maryville and said that he had seen a Pine Grosbeak in a yard there in Maryville. Pearl & I got up early this 9 m. and left home at 5:30 a.m. & arrived at Leaves house at 6:25 a.m. We left his house about 7 a.m. We located the Pine Grosbeak in just a very few minutes after entering his neighbors yard. Dave then collected the bird for the Northwest Missouri State Teachers College there at Maryville. We then drove a few miles west of town to a large grove of Pines where we saw most of the other birds. We ate breakfast at Leaves home and then headed for home. Something was wrong with the Generator on Lois' Car and we drove all the way home with it discharging. While Pearl & Lois were fixing dinner I drove through Ashland Cemetery, after dinner I took a short walk in Kruff Park and then took a drive late this afternoon to the Air port. Today was clear and cold. The temperature this 9 m. at Maryville must have been near 20° with a sharp wind blowing.

Today has been clear, windy and cold, after the weather we have been having. Temperatures today were low about ~~40°~~ high about 54°. Colder forecast for tonight. It is now 36° at 7 P.M.

### Wednesday, November 17, 1965

|                        |    |           |
|------------------------|----|-----------|
| 1. Blue Jay            | 1  | Whse      |
| 2. Starling            | 15 | X - whse  |
| 3. House Sparrow       | 20 | X - whse  |
| 4. Cardinal            | 1  | Whse      |
| 5. Slate colored Junco | 2  | N.W. bvd. |

Clear & cool all day. Low about 24° high about 38°. Was too busy at work to get away for any birding.

### Thursday, November 18, 1965

|                                  |     |               |
|----------------------------------|-----|---------------|
| 1. Red tailed hawk               | 1   | near whse     |
| 2. Rock dove                     | 6   | d.t.          |
| 3. Hairy Woodpecker              | 1   | near whse     |
| 4. Downy Woodpecker              | 1   | near whse     |
| 5. Crow                          | 10  | X - near whse |
| 6. Mockingbird                   | 1   | near whse     |
| 7. Starling                      | 25  | everywhere    |
| 8. House Sparrow                 | 150 | everywhere    |
| 9. Meadowlark (probably Western) | 10  | near whse     |
| 10. Common Grackle               | 2   | near whse     |
| 11. American Goldfinch           | 2   | near whse     |
| 12. S.C. Junco                   | 2   | near whse     |
| 13. Tree Sparrow                 | 1   | near whse     |
| 14. Harris Sparrow               | 1   | near whse     |
| 15. Song Sparrow                 | 1   | near whse     |

Low about 33° high about 57°. I was too tired today to do much birding.
