## Clergymen Gather at St. Joseph Post Office to Voice Appeal

St. Joseph clergymen met outside the federal building this morning to speak and pray for peace in the race situation down South.

The little gathering was organized by the Rev. Ernest E. Thompson, president of the Interdenominational Ministerial Alliance and pastor of St. Francis Baptist Temple.

The Rev. Kermyt Roebuck

the meeting because: "I felt the best I could do was to stand in this spot. We've got to stand for something. Also, I came for others who would be here if they knew this was happening."

The Rev. Thomas Paul Whelan, pastor of St. Mary's Catholic Church, offered a prayer, asking God to "look with pity for those suffering" and to "give us grace to practice the Second Commandment — 'love thy neighbor as thyself.'"

BEIRUT, Lebanon (AP)—  
President Habib Bourguiba of  
Tunisia said today he had in-  
formation that West Germany  
would not recognize Israel be-  
cause Bonn "is not ready to ac-  
cept Israel's conditions."

Bourguiba said Israel de-  
manded a resumption of arms  
shipments to Israel and post-  
ponement of the effective date  
of the statute of limitations on  
Nazi war murderers.

The Tunisian president, speak-  
ing at a news conference, did  
not reveal the source of his in-  
formation and gave no further  
details.

#### Too Many Conditions

"Israel has set too many con-  
ditions for the establishment of  
diplomatic relations with West  
Germany," Bourguiba said.  
"and, thank God, I have re-  
ceived information that Ger-  
many will not accept these con-  
ditions."

A report from Jerusalem yes-  
terday said the Israeli govern-  
ment is ready to open full rela-  
tion with West Germany if ar-  
rangements can be made to  
repay it the \$16,000,000 worth of  
goods the Bonn government with-

Nasser said in a speech yes-  
terday that "30 per cent of West  
Germany's trade is with the  
Arab world and if we boycott  
her economically we will de-  
prive her of 30 per cent of her  
trade."

A spokesman for the West  
German economics ministry re-  
plied that his country's trade  
with the Arab countries in 1964  
amounted to less than 4 per cent  
of its total imports and exports.
