Note: change in CATALOGING system - formerly
issued two CATALOG #'s PER PROVENIENCE -
i.e. SQ. 1, Level 1, received #'s 500 & 501 -
the first # representing materials water
screened; the second # representing
artifacts recovered during excavation.
CATALOG # 509 represents the last bag
issued automatically, to the excavation.
Now only one # will be issued with
additional #'s for artifacts found during
excavation issued upon request of the
EXCAVATOR.
