

Millstone
(Czech's will at
Mitchell Ave and
Potters R.)

October 1, 1968

Mr. Frank Flora
Whitesville, Mo.

Dear Frank:

A long time no see and no hear from you. Had occasion again today to wonder about you. Was out on Mitchell Avenue Road to look about the millstone. We thought we should try to get it since it represents a part of the history of this area. I pushed through the high weeds for quite awhile looking for it without success. Maybe I'm wrong--and I hope so--but I do believe that someone has carted it away. Have you heard anything more from it? One person out that way said he thinks the owner of the property is named Wolfe, is farmed by a Robert Nadler and the house is rented to someone else.

We are still interested in it and if you know or can learn anything that will help us, would appreciate hearing from you.

Best regards.

Sincerely yours,
