Today was a real March and April day. It was warm with temperatures low about 60° high about 80°. Part of the time it was cloudy and pouring down rain and part of the time the sun was shining brightly. Pearl & I drove to Squaw Creek but most of the roads we could not drive on because of mud. Some of the roads had been covered with water.

Today was a beautiful day. Early AM it was cloudy and chilly but by about 9:30 AM, it cleared off completely and the rest of the day was wonderful. I birded by myself from 9 AM. from home down Huntoon Road, Lake Country, out east of town and through Oakland Cemetery. Back home at 11:30 AM. at 1 PM. I left home with Si + Monya + birded here to Squaw Creek & back. Home at 8 PM. Temp. low 49° high 68°

Today was mostly clear, cool and nice. Temperatures were low about 50° high about 58°. This afternoon Mark's mom + grandmother stopped in the Mse. to say hello. They haven't heard from Mark for quite awhile as I haven't. He is spending two weeks in Mexico birding. He will have a fabulous list of birds when he gets back to Tucson this weekend. His mom seemed to be pretty well worried about him. I sure hope the extra week off doesn't affect his studies too much.

Weatherwise, today was terrible. I birded from 7 A.M. till 7 P.M. with Si Rositzky. It was cloudy and raining all day long. All the roads were muddy from a heavy rain during the night. We were really lucky to come up with a 100 species for the day. We birded KP, N.W. bld, L.C. + near where until 12:30. We ate lunch at Si's house and then Si, Monga and I headed for Squaw Creek. All roads there were very muddy. A heavy rain storm with wind drove us out at about 6 P.M. Temperatures low 55° high 75°

Today was clear ~~as~~ but windy & chilly but a beautiful birding day compared to what we have been having. Spi & I started out at 6:50 A.M. We birded A.R. to Honey Creek & then H.C. via A.R. back to all around Lake Country till noon. Then at 1 P.M. Pearl & I birded from home via A.R. to Squaw Creek & then back home at 6 P.M. Temperatures were low about 40° high about 70°. Just plain bottomland fields will produce as many shore birds as the Squaw Creek area.

This was a beautiful day for birding. It was clear and warm all day. Really a bit too warm this afternoon. The temperatures were low about 49° high about 87°. I birded from 6:40 am until almost 10 P.M. with Si Robitzky. Si's wife Morya went with us on our trip through Honey Creek, to Squaw
