I made the rounds by myself this morning and was glad I did as I found 6 O'Connell Teal at Lake Contrary. I called home & had Pearl call Leo Halloway and Joel Lawton, Jr. I don't know if Joel got to see the Teal or not but it made Leo very happy as he came down and was able to see the Teal and he also saw a Merlin which is easy to miss for an entire year.

Today was a beautiful day. It was clear most all day, not much wind and just cool enough for comfort. The temperatures were low 35° high 67°. Pearl & I made our rounds south of town this morning. After lunch Pearl and I went out to Stuppy Floral Co. Wholesale Dept. They were having their spring show today and Tim Burton who is in charge asked me out several times so Pearl & I went out ~~at~~ one P.M. and stayed until 3 P.M. We went home then and changed clothes and then drove to Honey Creek where we just sat, resting & looked around until 6:15 P.M. when we headed back for home. We saw one coyote this morning near Horseshoe Lake.

Today was partly cloudy, a bit windy but decently warm. Temperatures were low 44° high 68°. Except for about an one hour quick trip down & around Lake County the ~~only~~ only other birding I did today was here at home.

Today we went to an attorney & had him make out a deed to Lois Hale Hawhon. It is our property to live in and we can do as we ~~plan~~ plan with it, even sell it but if something should happen to Pearl ~~and~~ then the home & its furnishings would automatically go to Lois to keep it from being dragged through the ~~law~~ Courts.

Today has been cloudy, windy, raining and chilly all day. The temperatures were low 40° high 54°. This morning Pearl & I took a quick, short drive down around Lake Contrary & back home. On the way home I had a flat tire. The tire was no good really to begin with. I had to change the tire in the rain and it was on the left rear which means that cars continually passing me by gave me a constant shower. I went to a tire dealer about noon and had two new tires put on. Now I have good tires all the way round. I had hoped to have a good day birding today but the weather ruined it for me. Maybe though that could have been good as I could have had my flat on a muddy road, maybe a bit farther from home and if all that so then maybe I wouldn't have my new tires yet.

Today was cloudy, rainy and chilly all day. Temperatures were low 35° high 43°. This morning I made the drive by myself to the St Joseph Airport and Lake Contrary. I haven't been going to Horseshoe & Muskrat Lakes because the ~~the~~ only roads to get to them are mud roads and I haven't been taking my walk at Bluff Woods because except for Sunday it has been raining all of this month when I was anywhere near Bluff Woods.
