Mr. Harry L. George,
St. Joseph, Mo.,

Dear Mr. George:-

I finally succeeded in securing for you the Musket shape war club and now have same in my possession. I remember you saying in one of your recent letters that you had one and to let it go, but I had already been negotiating for this club. It is the same shape as mine, is colored red and black is decorated with brass tack heads similar to mine and has a pendant of feathers at the handle, colored yellow and green, it has an iron spike in one end shaped like a diamond shaped arrow head, the spike is about four inches long, has a wrist loop of old buckskin. This is an equally old piece as the other club I sent you and if any thing a better specimen and you may have it at the same price as the other one \$11.00. It is a historic piece.

I wrote you several days ago about one of my bone games which I offered you at \$6.50. You saw this when you was here and perhaps remember it, it is made from bones from the bears foot, hollowed out, called cup and pin game and is played by the squaws.

I also have a bone necklace with eighteen long bones in it, colored with beads strung in between, four strands of this necklace, you may have for \$4.00.

I believe I will also let you have one of my bone handled scrapers which you saw when you were here, it is an old one and seen lots of use in

the olden days and in good condition. \$12.00 is the least I would care to sell it for as it will bring that any time.

I also wrote you about a squaw dress that I had @ \$11.00. This is a large dress covered all over with cowrie shells, is in good condition and has seen lots of service, is a very showy piece and cheap at this price.

I would like to clean all of this pieces up in a bunch together and would be glad to hear from you regarding them soon as possible.

Yours truly,

Vern Thompson
