Today was the most beautiful day for birding that I have seen for a long time. Mostly clear, cool & nice. Si, Bob Brown + I birded SAN till noon. I then took a drive east of town with Larry and then I spent the afternoon and evening at Sycamore Creek with Si Rositzky & his wife Marya.

 This morning at 8:30 AM Pearl, her dad, Keith Lawhon and I made the rounds of the cemeteries. We went first to Mt Auburn, then Memorial Park and then to Arden. We got home at 11:30 AM. I ate dinner and then at 12:45 I left for Honey Creek & Squaw Creek with Si, Bob Brown and Si's daughter Susie. We had to come home early because Si had a dinner appointment. We got home about 7:30 PM. This was a beautiful day. When I started this morning I didn't dream of reaching 100 species for the day. I went back to Honey Creek after dark with Larry & some more boys to add the Chick wills widow & Whip poor will. Clear & nice. Low about 50° high about 86°

I didn't dream of seeing 100 species of birds today. I didn't start until 10 AM when Pearl and I took my short drive out, north east of the Greenhouse, (about 8 miles) and then Pearl, Larry, Lloyd, Meeh, Tom

Jeffers and I drove up to Honey Creek to see if it would be too muddy to Camp or not. We got back home at 12:30 noon. Dr. Rositzky, Bob Brown and I then took off at 1:15 PM & drove to Honey Creek via the upper Amazonia road and then on to Squaw Creek. We didn't arrive at Squaw Creek until 4:30 PM and then at 5:40 PM we were run out by wind and rain. If we could have stayed anywhere hours or two I feel certain that we would have had a bigger list yet. We got home about 7 P.M. Then after dark Harry, Tom Jeffers, Floyd Meek, Jim Burns and I drove to near Honey Creek so as to hear the Chuckwills & whippoorwills.

I got up this morning at 4:30 AM. I loaded the old International Travelall down with Pearl, Larry, Tom Jeffers, Floyd Meek, Jim Burns, myself and about 300 lbs of camping equipment, guns, ammunition & fishing equipment, food and water. We headed for Honey Creek Wildlife Area. The boys plan on staying about 4 or 5 days. We went back again this evening and took them more fresh water.

Maybe I shouldn't list the Blue Goose because it is at the Krug Park Lagoon. It seems pretty tame and will allow people to walk close to it, yet it seems to fly well. There are many young birds out of the nest now. The sparrows and starlings are gathering in small flocks. Today was cloudy, rainy & cool all day. High temperatures were low about 64° and a high of about 70°. Spent my noon hour in Krug Park in a light rain.

Today was cloudy & cool all day with a light drizzle a good part of the time. Pearl & I banded 8:30 a.m. till 11:30 a.m. in area near wholesaler to Honey Creek & back. Larry & I then took a short walk in Forest Park. Bob Brown, Si Rositzky and I then banded 1 P.M. till 8:30 P.M. here through Honey Creek to Swan Creek & back. It was cool enough that I got chilly even with a light jacket on.

* The yellow-crowned night heron is what Si, Bob Brown and I took to be a melanistic phase of yellow C. It was a real dark rich chestnut color, about the color of a dark-breasted robin when wet. Pearl and I banded 8:30 a.m. till 11:30 a.m. in area near Wholesale at the St. Joseph Airport and up Huntton Road. I then banded for nearly an hour by myself in Krug Park. I tramped off on all morning. Si, Bob and I left home at 1:15 P.M. The country road through the hills to Amazonia was dry. About 3 miles this side of Honey Creek was muddy and we couldn't even get into the area. We had to come back to the

prement to head for Squaw Creek. We arrived there at 4 P.M. and it hadn't even sprinkled. We stayed till 8 P.M. John & Julie Hamilton joined us about 6 P.M. Clear, hot & sultry at Squaw Creek. The Flamingo was last seen at Squaw Creek on June 18th, 1965 Friday. It hasn't been seen since.
