Mostly clear & warm, cloudy & light showers late this eve.
I went to Honey Creek for a couple of hours this evening with
Bill Starns and Bill Cunningham. They went fishing and
I went birding. We stopped for beer two places on the way back.

Clear & fairly cool. Practically no wind. I couldn't have asked for a more beautiful day for birding than today was. Temperatures were low - about 33° record low, with frost, high about 80°

I banded 6:30 AM to 9:30 AM at Knip Posh with John ^{at K.P.} Hamilton. Then Pearl & I banded 10 AM to 12:30 PM out Mitchell Avenue road, east of Wholeside and at Airport. Then at 12:45 PM Bob Brown & I headed for Sycamore Creek via Amazonia Road and Honey Creek. We ate supper at Forest City & then came down the bluff road to listen for Whippoorwills & chuck with birds. It was 10:15 PM when I got home. Now with this daylight saving time it keeps us out to late at night

Clear nice. A Beautiful day for birding.
 The temperature today, over 60° low 40° high ab.
 The B.B.S.-1 is explained in the following manner.
 The Bureau of Sport Fisheries and Wildlife of the U.S.
 is trying to have a Breeding Bird Survey conducted
 every year during June. These surveys will
 be taken from many places in each state. Last
 year it covered all of Eastern U.S. up to the edge
 of Missouri. This year Missouri along with
 several other western states are to participate in
 it. The survey covers a specified road way
 of ~~25~~ 25 miles. Each year this same road will
 be covered by a capable observer. All birds
 counted are those heard and seen on three
 minute stops each half mile. Any birds seen
 or heard during travel from one stop to the next
 are not counted unless they are seen or heard
 during one of the stops. The time is 30 minutes
 before sunrise until finish. ~~That's all~~
~~for 5:30 AM~~ I have been assigned
 two different routes to cover. The one I took
 today and another one a bit east and north
 of this one. I run this one this afternoon to
 familiarize myself with the road. I plan on
 making the survey tomorrow 9 AM.

Sunday, June 4, 1967.

The following is my complete days birding. Included in it is my Breeding Bird Survey, route No 1.

1. Common Loon	1		SQ
2. Pied billed Grebe	1		WP

Pearl + I run the Breeding Bird Survey this AM. 5:23 AM until 9:55 AM. Birded 1 PM until 10:30 PM to Squaw Creek & back with Li Leontyky and Bob Brown. The day

was clear + nice. Temp. low 61° high 85°. The numbers listed in red are the numbers I reported on the survey. My route was a bit north west of Dover, east to just south of Cameron, Mo. The numbers of each species listed in blue ink are the daily combined Totals. Some of the totals in Blue Ink cover birds seen along survey route that are not on the survey records as they were seen between stops or on my way back home.

Mostly clear & warm all day. we had about 30 inches of rain last night. This afternoon Pearl and I went east of town almost to Hamilton, Mo. to acquaint ourselves with my ~~Survey~~ Breeding Bird Survey Route No 2. It runs from about 3 miles west of Hamilton about two miles south of Hwy 36 east to almost Stewartsville. The Survey route covered some roads that had never seen any rock and with all the rains we have had lately were lucky to make the few miles we did.

Today was partly cloudy but humid and no rain. Temperatures were low about 72° high about 88°. Night before last + yesterday we had .30" of rain. We have had so much rain all around us during the past two weeks or so all of the rivers including the Missouri are out of their banks in places and there is a lot of flooding of farm land and even evacuation of families in some towns. Sunday evening after we left Squaw Creek they had about a 4 to 5 inch rain in that area and several of the residents of the Mound City area were evacuated.

21. Chipping Sparrow	1	X

Partly cloudy and humid. Temperatures were low about 65° high about 81°. I didn't do any birding today at all. I stayed in this afternoon and worked on my report for the "Bluebird". Late this afternoon Pearl and I went to a party at the Robidoux Hotel honoring three of our oldest employees. 25 years service were 50, 49 and 48.
