Today was partly cloudy and warm. Temperatures were low about 40° high about 70°. This am. at 8. Earl, Lois and I drove to Smithville, Mo and some of the surrounding area. We came back by the Trimble Wildlife Area. Got home at 11:30 AM. I spent the afternoon birding with Bob and Si from here through Honey Creek to Squaw Creek and back, 1 PM till about 7 P.M. There was a Sandhill Crane at Squaw Creek which was seen by many people including John Hamilton and Dave Easterday. Bob, Si and I missed it by about 5 minutes. The water in the area is very low while at Trimble all the pools are full. The majority of birds ^{marked} at Trimble SQ were mostly at Squaw Creek.
