Today was clear and nice. Really warm for January. I didn't work today. I was happy I didn't because Mark Robbins and Dave Easterla came down about 8:45 a.m. and then I went to Pony Express Lake with them to look for the Brant. We found it. It was a new Missouri bird for ~~Mark~~ Dave and as it was the eastern race that was also new for Mark. He had already seen the western race on the west coast. We got back home at 11 a.m. I ate lunch and then Pearl & I went to Square Creek & met several of the KC. Audubon Club there. There must have been about 60 people.

Temp.
Low - 35°
high - 57°

Today was cloudy and very pleasant. The temperatures were low about 29° high about 37°. Pearl & I left home at 9:05 a.m. & drove west in Kansas to Hiawatha, stopping off at "Brown County Lake" where we got our Kansas geese and ducks. At Hiawatha we turned north to Jalla City, Nebraska where we drove through a Cemetery where there are a hundred or more evergreen trees, mostly Scotch Pines. Leaving there we headed on back east across the Mo. River at Rulo, Nebr. and then by Big Lake and on to Squaw Creek. Not much there so I didn't stay long. We got back home at 3:30 P.M.

Monday, January 27, 1975

Today was cloudy and dreary with very poor ~~low~~ visibility all day. The temperatures were low about 31° high about 35° . Pearl + I drove to Pony Express Lake this ~~off~~ morning to try + add the Brant to our February list, but we did not see either the Brant or the White fronts. After lunch I took a walk in the hills along the North west boulevard.

Monday, February 3, 1975

1	Red tailed hawk	1	bud
2	Common Crow	2	o
3	House Sparrow	6	X
4	Cardinal	2	X
5	Black eyed Junco	4	X

Today was cloudy, damp + ~~cool~~ cool all day. Temperatures were low about 32° high about 36° .

Tuesday February 4, 1975

1	Rock Dove	6	d. t.
2	Starling	3	d. t.

Today was cloudy + chilly all day with rain most of the time + some snow. Temperatures low 28° high 36° .

Wednesday - February 5, 1975

1	Downy Woodpecker	1	X
2	Blue Jay	1	bd
3	Common Crow	4	o
4	Black capped Chickadee	2	X
5	Starling	6	X
6	House Sparrow	8	X
7	Common Grackle	1	X
8	Cardinal	2	X
9	American Goldfinch	1	X
10	Dark eyed Junco	6	X

To day was cloudy, windy and cold all day with snow flurries throughout the day. The temperatures were low about 12° high about 21° .

Thursday, February 6, 1975

1	Mourning Dove	4	o
2	~~Downy Woodpecker~~ B.C. Chickadee	1	X
3	Common Crow	35	o
4	Mockingbird	2	o
5	Starling	60	X - o

26	Harris Sparrow	1	o

Today was cloudy, & cold with some snow all day. The temperatures were low about 28° high about 34°, I did not work today. I did go out at 7 AM, to open up at 7 PM. & then I took Lora to work. Driving had to be done with care as there was ice below the snow. I took a walk up in the hills (Nw bird) before noon and then late afternoon I took a short drive east of town & then came back and took a walk through the Cemetery. I had planned on taking a long drive today but the hazardous driving conditions kept me closer to home.

Sunday. February 16, 1975

36	Harria Sparrow	3		o

Today was cloudy & chilly all day. The temperatures were low about 27° high about 34°. Pearl & I began birding at 7:40 a.m. when we left home & headed for Brown County State Lake in Kansas. Visibility there was very poor and we couldn't get very close to the birds. Leaving there we headed straight east on Hy 36 to Pony Express Lake. I guess our Brant has left. Weather this evening really turned bad. It rained & sleeted & snowed. Right now at 7 PM it is really snowing & visibility is really poor.

Monday, February 17, 1975

Today was mostly clear & chilly all day. Pearl & I left home at 8:30 am & headed for Lake Perry in Kansas. On the way we drove by Lake Contrary and Mud Lake. Lake Perry was mostly frozen over but there were enough open spots to produce several thousand ducks & geese. Then on our way home we drove by Horseshoe Lake, Muskrat Lake & Lake Contrary. There were lots of ducks on Muskrat Lake only. We then drove out east of town, back through the cemetery. We also took a walk in the timber along the blvd. near home. Temp low 22° high 30°

Monday, March 3, 1975

43	Song Sparrow	1	2C

Today was clear but pretty chilly all day. The temperatures were low about 23° high about 34°. I worked until noon and then Pearl & I made a tour of the lakes south west of St. Joe Lake. Contrary, Mud Lake, Muskrat Lake, Horseshoe Lake and Sugar Lake. Muskrat Lake is the smallest & shallowest of all. But that is where all the waterfowl were at. We then made our drive east of town & I took my walk in N.W. Blvd.

Today started off cloudy, but mild. Pearl & I left home 9 AM. I headed for Squaw Creek. We birded Squaw Creek + Big Lake + then at 12 Noon the snow began. We drove back to Squaw Creek + ate lunch and then headed for home at 1 PM. because the snow was too heavy to be able to see anything we got home at 2 PM. I stayed in the rest of the day. It is still snowing 6 PM. Temperatures today Low about 28° high about 32°

Monday, March 10, 1975

B. S. = Bennet Spring Missouri, a State Park. yesterday evening at 7:30 P.M. I left St Joe with David Easterla and Mark Robbns for Bennet Spring State Park. It is about 275 miles from home. We had about 50 miles yet to go at about 10:30 P.M. when we ran into a snow storm. It was near 1 a.m. this morning when we arrived there. All roads were snow packed. We turned in to a Motel there at about 1 a.m. & gottup at 6:30 a.m. this morning to begin a big days birding. It was reports of a Green-tailed Towhee which took us there. The bird was seen there on Sunday March 2nd. We covered the area real good but were unable to see the bird. We believe that a few pretty days last week started it migrating on back to Colorado where it probably came from. We left there at 12 Noon & headed back home. We birded a area of a few thousand acres of Virgin Prairie north & a bit west of Cole Camp, Mo. This is where we saw the Prairie Chickens which were new Missouri birds for me & we also saw all of the Rough legged Hawks there. We got home at 6:30 P.M. tired but happy. The day was clear and cold. The temperatures were low about 2° high about 42°. I really enjoy getting out & birding like I did today with birders like Mark & Dave. The above temperatures are as reported for St. Joseph.
