116. Chipping Sparrow	1	Nw. bird
117. Field Sparrow	8	everywhere

This was a pretty fair day for birding. The warblers were had definitely moved on out a few days previously. The morning was clear, cool and ideal for birding while the afternoon was very windy. We started birding at 5:30 a.m. and quit at 5 p.m. mainly because Sil & Bob were so tired out. I

was home by 6 PM and then went to a ~~picnic~~ picnic.
 Had we stayed at Sq. Cr till dark we may
 have added another 6 to 12 birds to our list.
 We probably would have added Chuck will's w. song,
 Whippoorwill, Great Blue, Common Egret and
 probably a few others. Low 58° high 85°

Monday, May 23, 1966

1. Bob White	2	near where
2. Rock Dove	10	KP
3. Mourning Dove	10	everywhere
4. Swift	15	X
5. Eastern Kingbird	5	near where

Today was a clear and beautiful day. The temperatures were low about 58° high about 84°. I slept until 8 AM. Then after breakfast Pearl, Lois and I drove to Mt Auburn Cemetery, Memorial Park Cemetery and Frazier, Mo. Cemetery to decorate the graves. This afternoon we went to Bagdad to see the seniors at Lafayette High School for the Senior graduating class of which Larry is one. After dark this evening Pearl & I took a one hour (20 miles) drive east of town that I usually take during the day but all we heard was frogs.

Today was cloudy + rainy during A.M. and partly cloudy during P.M. Temperatures low about 50° high about 84°. This evening at 4 P.M. I took a short drive for birding as I do most evenings. I drove north on Highway 71 a few miles and then straight west toward Amazonia. I was about halfway between Highway 71 and Amazonia, almost due north from my home when I ran out of gas. I walked home from there, arriving home about 6:45 P.M. Larry took me back with gas and then on my way home I checked the mileage on the speedometer. I had walked six miles.

I worked until noon but did take a half our drive east of the where. After lunch Pearl and I headed for Squaw Creek via Amazonia road, Honey Creek and then on up the river road. My most surprising bird was the Short eared owl at Squaw Creek although they are considered permanent residents in some parts of the state. We came back down the river bluff road after dark in order to hear the Whippoorwill + chuck will's widow. The day was clear + nice. Rather warm during afternoon but nice + cool after 7 PM. Low 56° high 83°

Today was clear and hot. Low about 74° high about 96°. Maybe it's because I am getting older but anymore it seems like I am tired all the time and I just can't seem to put my heart into birding like I used to. Maybe when cool weather comes I'll get back into the groove. I can drive country roads now but don't feel like walking.
