Settlement

Volume 1

A Different Place, At A Different Time

The photo above could have been any number of settlements that showed up along the shorelines of Green Bay and Lake Michigan during the late 1800s and early 1900s. Horseshoe Bay was as shown with sawmills, store, boarding houses and logs in assorted form banked ready for sawing in the mill or shipping out. It was the Horseshoe Bay Settlement for 40 years...1874-1914.
