

Horseshoe Bay

Volume 2

- **The United Fruit Growers**
- **Murphy Farms**
- **Horseshoe Bay Farms**

After the Horseshoe Bay Settlement dissolved a group of investors formed the United Fruit Growers Association with the intent to develop the area into a resort complex with some orchard and farming to help with finances. With the depression and World War, investors were opting out. Frank and Elbridge Murphy of Green Bay bought out most investors and developed Murphy Farms. The partnership would dissolve and Frank took over and renamed the farms to Horseshoe Bay Farms.
