Dear Brother Paul

I suppose you expected me to be down over Xmas but we are shipping potatoes and it was hard to get away. ^{Struggling with truck}

Regarding the resort pamphlet which we are going to get out would say that we let that A. S. Chapman of Chicago he was a good customer last year and they very likely will be with us again he has some very good suggestions in his diary besides we will get the good will from them. If you are satisfied we will leave it to him to get this year's booklet up for us for \$50.00 I talked to Fred when at Chicago and he thought so to. If Fred is at home go over this stuff enclosed and line it up as much as possible. There are other photo's as you know the dining hall on Lobby and Fred's photo's
