

Hi,

My Grandmother, Florence May Cain, of Brooklyn, New York, married Floyd Harrison Glover, originally from Springfield, Missouri, in May of 1919 at Saint John's Church in Long Island, New York, where Floyd was in the Army.

Sometime after 1903 and before 1910, Floyd came to Napa to live and work with his brother John Glover in the drayage business. In February 1912 Floyd married Rosanna Watson Russell from Napa, in Napa. They had one son that I know of, James Wallace Glover born August 1913 in Oregon. In February 1918 they divorced and in June 1918 Floyd joined the Army.

After Floyd and Florence married in 1919 they worked their way across the U.S. leaving New York, to Missouri and then back to Napa. I know that by November of 1921 he and Florence were living in Napa, California, where Eloyce, their daughter was born. By the 1930 census they were living in Trinity County, California, where my Mother, Eleanor was born.

Floyd died in 1959 and Florence died in June of 1975 here in Trinity County. Their daughter, and my mother inherited all their pictures, etc, when she died in 2008, I inherited them along with the love of genealogy.

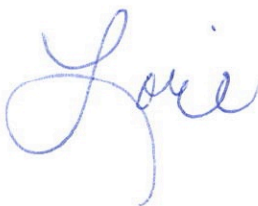

Grandma was pretty good about putting names on pictures (sometimes right across the front – but at least she wrote on them) and now I would love to try to return these pictures to their rightful families. But 250 miles and almost 90 years later it makes it hard to do. So I am sending them to you, in hopes that you can maybe find someone who wants them.

If anyone wants more information about the photos or Grandma and Grandpa's family, please feel free to give out my email and I will respond as soon as possible.
