

in this world it would be a great
satisfaction to me give him my
best love tell him if I never see him
a quid in this world I hope and trust
he is prepared to meet death and I hope
it may be the happy lot of all his
children that were they come to any they can
say all is well but I for one desire the ~~peace~~
peace of an aged parent whilst life lasts
that I may live better and near to my god
Marcell is living at home most of the
time this winter. Offiler is now in Chelsea
in a shop I don't no how long she will stay
you may love to tell her how we would
like that visit he promises me when I can
my love to all tell them to write to me
A kiss too for me tell her to be good
~~best~~ and warm her body so she can read for me
when I am to see her my ~~affection~~ respect
to your Father and Mother. Abbott Wright
I've don't wait so long again my paper
is full and I must stop.
So good by. Fanny Gage

Miller Abbott

January the 4 1843

My sister

I received your letter very unexpectedly,
as I have given up all hope of having from
you only by some of the rest but it was
a great pleasure to me to rec'd a letter from you
and would like to read them often we are all well
at this time except Ella she is better than she
has been she was taken with last of June with the
inflammatory rheumatism in one of her arms & she
was very sick for about 2 months she never walked
a step this was no rest any more might with her
her head & shoulders and we had it open it has been
a running sore ever since their has to pieces of bone
sent out of her knee but I think it is better
she had another one her ankle that galled
and broke and pieces of bone came out of
her ankle but that has got almost well
we feel in hope she will get well she is not
lame much now like her. A D. Jones
Manchester we think he will help her

Mr. Hally and her husband has had to make
me a visit of late time very much. They
went from here to Chelsea to spend many years
at Hants and the next day he went back to
Robert Jackson and sister and being come
with them we had a good visit they all felt
well Hally will be here next week to make out
her visit if the going is so and come go after her
the going is very bad and has been having rain
for the last day and night and has had no snow
to amount to anything this winter.
Milla I am very good just so down market
about the car best I hope Hally will not be
dressed you have but one and I have three
so that is little to a dress. Milla will be
this present month and Deborah expects
not clear mine but and don't have any doubts
in our town this time but this is not the
best clothing in my opinion's but I hope it
may be but I don't expect anything but all
the more will how to go before it is ended and
less our country after all and our friendships to that
were making that will be hard for us all but that

it is and ~~and~~ we must abide by it and do this
best we can. There is none of the ^{old} friends but they
you to the car, yet become indebted but they
could not take mine they said his luggage was
affected they are all well they are all well as
Jackson. His wife is better than he has
been for he begins to work a little but he
has had a hard time of it and it is hard for
him yet ~~the~~ Olive has been sick this
fall they are all well now. Hally has a
a little from home with market it very
pleasant they are well. Hally goes his wife
has daughters where they lived when you
was here she sends her love to you she feels
very much at home has gone to Maryland that
almost had her that she is going she will
be the rest of us I am going to leave that
father Milla is so poor but we can't expect
to keep mine with us much longer. Father
is a quieting old one ought to think that he
has been a good with a long as he has and
always had his health so well that he
I wish he could come see us and meet more
