Dear Mother Marcelline:

I am pleased to inform you that Mary L. Stanaway, who is one of your graduates, is included in the membership of students who have been chosen for the Phi Kappa Phi Society at our college. Membership in this society is granted only to those students who distinguish themselves in scholarship. I am sure that your high school and your community as well as the parents of this student have reason to be honored because of this achievement.

Yours very truly,

H. A. Tape, President.
