ST. MARY'S ACADEMY

WENTY-FIVE years ago eight religious of Loretto Abbey, Toronto, Canada, left their cherished and beautiful home, to erect in the distant city of Joliet, Ill., another sanctuary to the honor and glory of God.

Loretto Abbey, Toronto, is a branch of Loretto Abbey, Rathfarnham, Dublin, Ireland, which is itself, a filiation of the Institute of the Blessed Virgin Mary, York, England.

The Institute of the Blessed Virgin was founded in 1632, by a noble English lady, Mary Ward, who established many houses for educational purposes, in England and in Germany.

After the death of the saintly foundress, houses of the Institute rapidly spread throughout the world, so that, at the present day, Austria, Italy, Ireland, Canada, Spain, India, Australia, Gibraltar, South Africa and United States are reaping the fruits of the seed planted by this noble woman.

ST. MARY'S ACADEMY

St. Mary's Academy is the earliest foundation in the United States. This Academy is under the direction of the religious of the Institute of the Blessed Virgin (usually known as the Ladies of Loretto). Their system of education aims at developing, side by side, the moral, and the intellectual faculties of the student.

The Academy was chartered under a general law of the State of Illinois, November 6, 1882; in 1892, accredited relations were established with the DeKalb Normal School, and in 1903, with the University of Illinois at Urbana.

The Course of Studies is threefold: Classical, Commercial and Preparatory.

The Classical Course embraces the usual branches of a liberal education.

The Commercial Course embraces not only the fundamental branches of Mathematics and English, but also the Commercial Specialties, Penmanship, Bookkeeping, Shorthand and Typewriting.

The Preparatory Course gives a thorough foundation in all elementary branches.

ST. MARY'S ACADEMY

Special time and attention will be given to pupils desirous of obtaining a teacher's certificate.

Music, in its various branches is assiduously cultivated. The Scientific, Vocal and Instrumental Departments are taught by accomplished and experienced teachers, whose system is modelled on that of the European Conservatories.

The instructions in Art are thoroughly practical and useful. The studios for drawing, painting, carving, etc., are large, well-lighted and thoroughly furnished with copies, models, etc., and are open for students at all times.

ST. MARY'S ACADEMY

ST. MARY'S ACADEMY
