Dear Parents,

During the Easter vacation we would like to enlist the services of every Father who has children in grades 4, 5, 6, and 7. Our school is sadly in need of a painting. This matter has been discussed at several of our Parent-Teacher meetings. Everyone has agreed that the job has to be done. Since it is impossible to paint the entire school this year, it was decided to begin with the rooms on the second floor. The classrooms on the first floor will be done next year. So we really do need the help of everyone who is generous enough to lend a helping hand.

The task of making the necessary arrangements for this undertaking will be in the capable hands of Clayton Payment. The following Fathers have "volunteered" to assist as Chairman for the various grades:

Grade 4	Bud Mansfield	2-2513
5	Dale Persall	
6	Dave Monroe	2-7536
7	Ray Savoi	2-8142

Please bring your brushes, rollers and ladders, if you have any.

Since the children will not be in school during Easter week, you are free to paint at your own convenience. We realize that some men might be willing to do some painting in the morning; others in the afternoon, and the majority of men in the evening. So please indicate your choice of time, day or days.

The Chairman would appreciate having these bits of information by Wednesday, April 6th. You may return the forms to the school.
