To:
Dear Ladies of Loretto:

In the work that you have chosen

In the joy of serving Him

You've gathered shining memories

That time can never dim

You've found the deep contentment

That God grants His chosen few

And may your joys continue

In the years ahead of you

In appreciation of your long
and dedicated service in the
training of our young men and
young women (now our senior
citizens) we ask you to please accept
this check as a token of a job
well done.

God Bless You!

Sincerely
our living students and friends
