Whitney's Hilton Oak Lawn

The background of the page is a collage of various musical staves and notes, some with clefs and others with rests, creating a musical theme. The text is centered within a white rectangular box that has a thin black border.

Our School Song

*Blue is the flag of Loretto
White are the banners that wave
Strong is the love of her children
Loyal hearts that are bold and brave*

*In every danger of battle
We call dear Mother to thee
And with the shield of Loretto
March on to Victory*

Chorus:

*Loretto, Loretto Alma Mater to me
Loretto, Loretto Hear our prayer & our
plea
Your children are calling
Calling fondly to thee
And with your Help Loretto, We will win
Victory.*

MARY WARD

MAXIMS OF MARY WARD

Be merry in these times.
For mirth is next to grace.
The happiness of man on earth
Comes in placing God's will first.

Satisfy thyself with none
But only God alone.
Say a prayer, a fervent prayer
That God may be your all.

Do good. Do it well.
Virtue's hard if you hold it so.
Who commands well
must first obey well
For a victor rules himself.

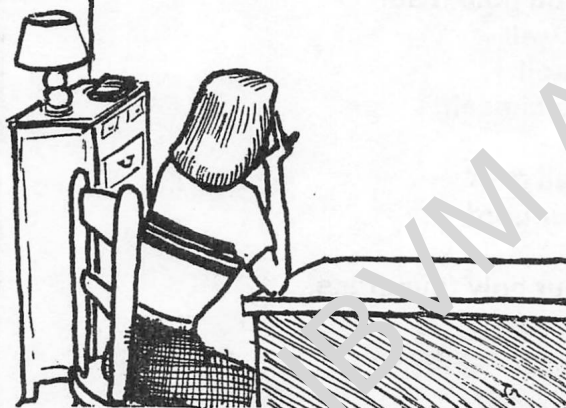

Be all things to all men
To gain all for our Lord

Thus has said our holy foundress,
Our Mother Mary Ward.
So may we her eager children
Follow in her holy way.

The SPIRE

AUTUMN

*Back to Loretto, this autumn, again
We'll increase our knowledge and make
some more friends.
Some day we'll remember these days, a
past dream
And reread this SPIRE — our own
magazine!*

Looking Back . . .

Seniors in the Spotlight

WHAT LORETTO MEANS TO ME

It's the clamor of the bell calling everyone to class,
It's children of Mary, their shoulders crossed
with blue,

It's the unity of love in our First Friday Mass
It's a graduate's regrets; "Those four years, oh
how they flew."

It's the candlelight procession as we form a cross
of light,

Singing praises to the Babe, held by His Virgin
Mother fair,

It's the Christmas vacation, a brief respite
From the subjects we are taught with ever
patient care.

It's the dances and the parties, with fun for all
attending,

It's that lovely day in May, when we crown our
Heavenly Queen.

It's the frantic search for knowledge when exams

are impending,

It's our annual retreat . . . Peace with God and all's
serene.

It's the three-act play the Senior class presents,
It's the sound of loyal voices as our school song
we sing.

It's our yearbook — the Loretan — recording
past events,

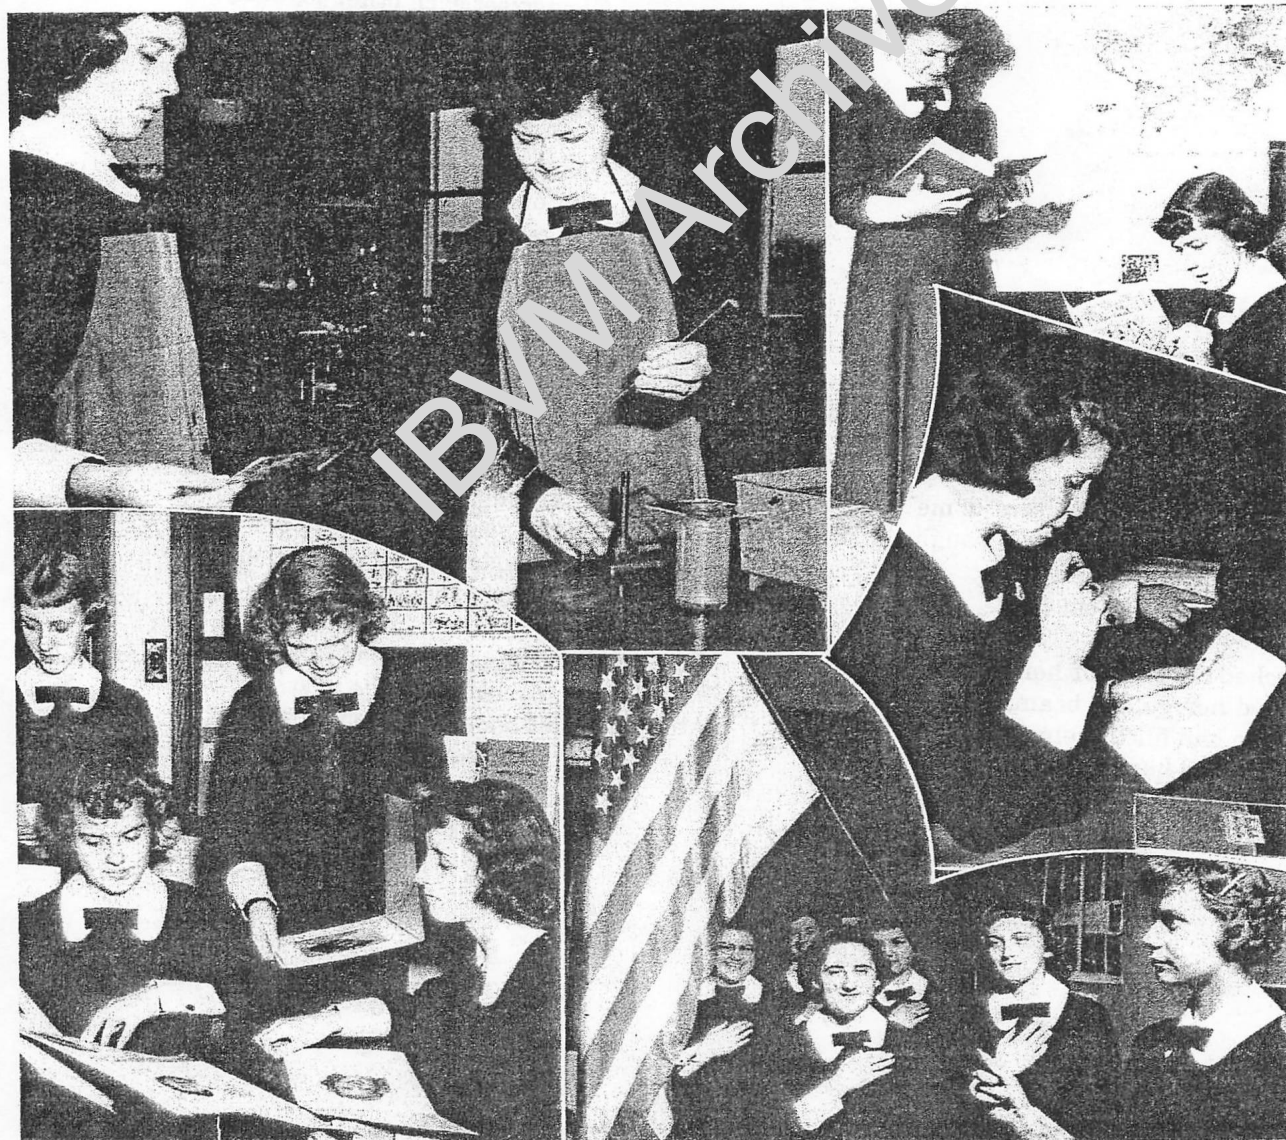

It's the welcome recreation gym day always
brings.

It's our Marylike ideals as in mind and heart
we grow

It's the guide and foundation of our future
dreams to be

This is my answer to those who wish to know
Just what Loretto means to me.

Homecoming

The rustle of coppery leaves,
The azure of a November sky
Reminds us all that soon
The wind and snow will fly.

Yet there is another thing
Which comes to the minds of all,
The hurry and scurry of youthful feet
Through the sharp cold of fall.

They greet each other joyously
Bubbling a cheery "hi"!
Wondering of the coming hours
Recalling the days gone by.

Slowly the portals envelop them
For ones of study, it seems,
To gain the knowledge and wisdom it takes
To fulfill their lofty dreams.

Carol Sauter

THE HALLS OF HOME

There was laughter in the halls of home
While people roamed them through.
Sunlight lit the darkest ones,
And moonlight lit them too.

Beauty touched the halls of home,
And shed her golden beams
On people who had filled their souls
With love and hope and dreams.

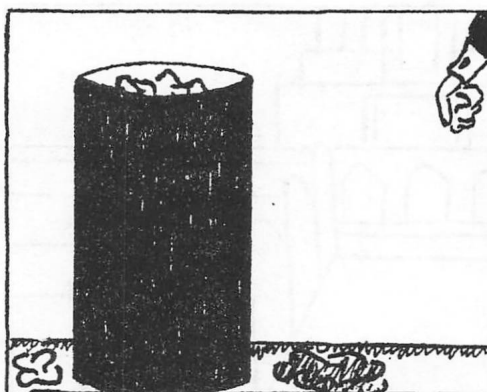

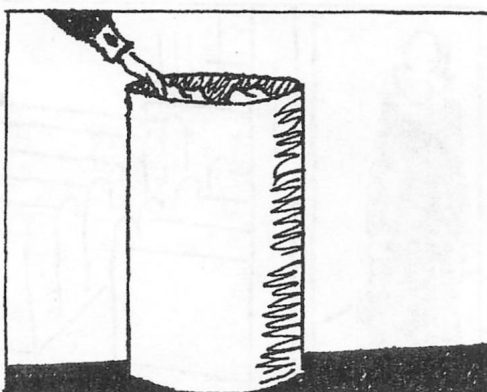

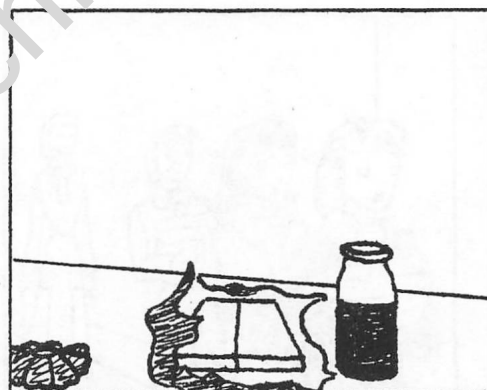

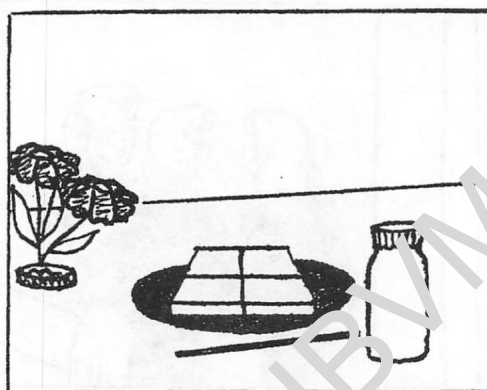

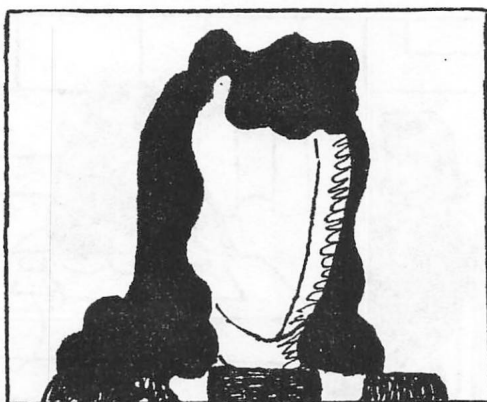

Kindness marked the halls of home
And left a present rare.
It bound the hearts and depths of men
Who had their shelter there.

But now the things that filled the halls
Are memories from the past.
And halls that once were rich with light,
Have found their night at last.

Hi Julie,

Some personal information on my last 50 years. I currently live at 211 Warner St., Walbridge, OH 43465; telephone 419/666-0464. I have remained single, but have a large family.

Most of my career was in the railroad industry, starting with the Assn of Amer RRs in Chicago in 1955; then Milwaukee Road in Chicago in 1961, and when that railroad was purchased by the Soo Line in 1985, I transferred to Minneapolis, MN. The Canadian Pacific RR eventually purchased the Soo. There was continual downsizing throughout this whole period and when a buy-out that I couldn't resist was presented, I took early retirement in 1993. I moved from MN to OH in 1994 where my sister lives and we do a lot of things together.

I have a lot of memories of my time at Loretto, but nothing stands out at this time that I can think of.

Currently, I volunteer occasionally in the gift shop at the neighboring hospital and do Mobile Meals with my sister twice a month. I like to read, work my crossword puzzles, travel whenever possible, play cards, and play games on the computer.

You can edit the above any way you want. Looking forward to the reunion in October. Janet Beirne

Dear Joan:

First of all I want to thank you for sending me a birthday card in June. That was very thoughtful and I appreciate your good wishes.

I do want to remind you that my name is Jeniva, not Geniva, as it was on your last letter and that I do not use Griesdorf. I only use my married name for legal purposes – it is Berger for everything else. I would really appreciate if it you changed it on your files because everything seems to come to Griesdorf.

As far as the Reunion, it sounds delightful but I am still unsure of my schedule in October. I will be away in Scotland for two weeks in September and whether or not I can come to Chicago in October will depend upon how much work is awaiting me when I return. I have a couple of different jobs and am still a working journalist so there is a lot going on in my life. As you can imagine, it is not so easy getting into Oak Lawn as it is into downtown Chicago from Toronto. I travel a lot so it is my belief that we should make it as easy as possible on ourselves. Travel has become a laborious effort in the last couple of years due to all the security problems and such. Thus, I would likely have to come in earlier on the weekend as one day flight's are terribly expensive, rent a car or find some other way of getting into Oak Lawn. This is not impossible, just a little more difficult for those coming from out of country.

I'm very happy you have an e-mail address as it does make it much easier to communicate quickly. However, I doubt whether I can give you a final answer about getting to the Reunion until I return from Scotland on the 20th of September.

I hope you are enjoying the summer. Ours hasn't been too pleasant here with much rain and such, but the rest of North America hasn't had good weather either so we are not alone.

Thank you for sending me that list. It is so sad seeing how many classmates have passed away. I remember Janet White as such a lively bright girl, Sandra Rudman was so lovely and on and on. It breaks my heart to think that we have drifted so far apart from those wonderful days. My own middle son passed away 2 years ago of pneumonia – he was only 38. It was a terrible time for us and I feel so strongly about appreciating what we have before it's too late. We can't turn back the years, we just have to enjoy life.

Take care. Thanks again for keeping me informed.

Dear Joan,

I almost forgot to send my \$50 deposit...getting old I guess.

BIO INFO

CAREER: I worked in the real estate and legal offices of various corporations until 1964. At that time, I became a stay at home mom for the next 15 years. Returned to work in 1979 at a local bank as a loan officer. Later ran the Student Loan Program and finished up in government compliance. I was offered a generous buyout in 1997 and happily retired.

FAMILY: I have enjoyed the love and support of my husband, Chuck, for forty years. We are the parents of four wonderful sons, the typical in-laws to four great daughters-in-law and the dotting grandparents of eight grandchildren. I never had a daughter but have been able to overdose buying Barbies, doll houses and dresses for six granddaughters.

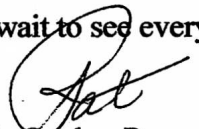

MEMORIES: Too numerous to recount. Wasn't the macaroni and cheese great?

TEACHERS: The teachers who are still fondly remembered are Mothers Ignatius, Sebastian, Edwardine, and everyone's favorite, Mother Irene..

Currently, my husband and I enjoy antique malls, flea markets and, dare I say, casinos.

If this is too long, feel free to edit away.

Can't wait to see everyone,

See you in October
Jeri Casfield

Dear Joan,

Thanks for the "reminder".

Looking forward to visiting with
our classmates. You asked if we
wanted to add to your booklet
on what the past 50 years have
given us - well here it is. I've
had six children who have
given me 18 grandchildren and
12 great granddaughters.

My memories of my education
are really very positive. The
Loretto nuns were my grammar
school and high school educators
and in many cases - dear friends

Work or career: I have been a registered nurse, graduated from Cook County Hospital School of Nursing in 1959... having worked 2 years in OB nursing, 1 year in Pediatric Nursing, 8 years in Psychiatric Nursing and more recently 2 years

Loretto memories: Most memorable event community mental health nursing
Most influential teacher

Teacher..... Mrs. Graves first year English. She was highly intelligent and gave such wonderful class presentations, never a dull class.

Current interests: Photography, gardening, cross country skiing, and travel especially foreign... my husband is from Belgium so we have made many trips overseas to Belgium, Switzerland, Germany, France, Austria, Italy

Anything else:

Brief summary... After graduating from Loretto Academy, I worked briefly as a secretary to prepare financially to continue school. I chose nursing, entered Wesley Memorial Hospital School of Nursing, left after awhile and transferred to Cook County Hospital School of Nursing. I graduated in 1959 and stayed on working in their OB department which had record numbers of births in those years...as high as 19,000/year. It was hectic and fun. In 1961, I began working at Illinois State Psychiatric Institute (my favorite job ever) becoming Assistant Head Nurse of a psychiatric unit. We had active educational programming with various schools... University of Chicago, University of Illinois, Northwestern University and Loyola running ongoing programs, and conferences. It was an exciting place to work and then I met my husband at ISPI, while he was in his psychiatric residency. We married in July, 1964, continuing to live in Chicago. Later we moved to Park Forest, where he was then a program director at Manteno State Hospital and I was a head nurse at Tinley Park Hospital. We were there when the huge snow storm of 1967 hit. My husband was at his hospital and I was at Tinley Park. We were snowed in for 4 days finally arriving home on Sunday. The patients were thrilled that the staff was locked up with them for 4 days. Later we returned to Chicago, I returning to ISPI and Leon now was a Program Director at Madden Zone Center. We lived in two condominiums in Chicago and were living across from Oak Street Beach when our family arrived, Mieke in 1972 and Megan in 1974. Those early years with our girls were wonderful times. We took them to Belgium to meet all their relatives in 1975, staying for one month. Megan was then 10 months old and Mieke was 2-1/2. Through the years we travelled many times to Europe visiting

our relatives. We currently live in Lake Forest where our children have attended 12 years of school, graduating and both have gone on to Yale University receiving degrees in Molecular Biophysics and Biochemistry. My younger doctor is an MD having graduated from the University of Michigan Medical School. My husband is in private practice and currently President of the Medical Staff at Good Shepherd Hospital in Barrington. I am his office manager.

Loretto Memories: Spending time after school in detention for talking in the hallways. I think I must have spent most of my time after school... memorizing poetry and doing math problems rapidly. I learned to work very quickly and then Hastie and I would race to get to the IC train to our after school job at Burny Brothers Bakery in the Randolph IC Station. Other unusual memory.... going with the class to Loretto Englewood and getting off the bus with some others... ditching the afternoon and of course, Mother Irene took attendance at the Englewood end, so all of us had to spend Memorial Day week-end at Loretto writing book reports.

But after all of this, the good times came.... I loved singing in the Glee Club Room, and was so excited and thrilled on our graduation day, arriving there in our white formals with our cute little flower girls. That was very magical.

I am so happy we are all meeting today for our 50th High School Reunion. I can't wait to catch up on the news with everyone.
