My dear Sr. Seraphina,

Your good brother
has just gone. He came at half
past twelve and remained until
half past two. He had an old
fashioned dinner which he said
he enjoyed. Then I showed him
all through the house and he
seemed charmed with all he
saw especially the statue of his
beloved St. Anthony. He remarked
that it was the nicest he had seen
and there and then took the
measurements for a fixed
sized altar for it. Which he says
will do for a side altar when the
new Chapel is in the other half
of the new addition to the house

and when I am under the rod
God bless him. I pick him
looking very well. May the
Lord keep him so. What a
smart business man he is.
One gets so much by talking
to him. I would like to stay
longer with you dear Seraphim
but I must be off to duty.
I am teaching the dearest little
pests this year. May it make
better than good. Pray for
her also for me. Lord
bless M. Dorothea and
all in the household.

God love you

I want you to offer to the Eternal ^{Father} the
Infinite merits of the most precious
of Jesus in all the Consecrated hosts in
in all the Tabernacles through out
the whole world for the relief of all the
poor souls most forgotten that God may
give your good brother success on Tuesday next.
for I know good will be done by it.
