In Memoriam
Rev. Dr. Martin Luther King, Jr.
1929 — 1968

*"Let us fulfill his
dream of a creative
rather than a
destructive way to
solve our nation's
problems."*

Mrs. Martin Luther King, Jr.

'I Have A Dream ...'

WASHINGTON (UPI)—In August, 1963, Dr. Martin Luther King, Jr. stood at the foot of Lincoln Memorial and told 200,000 participants in the "Washington March":

"I have a dream . . . It is a dream deeply rooted in the American dream . . . I have a dream that one day in the red hills of Georgia, sons of former slaves and the sons of former slave-owners will sit down together at the table of brotherhood . . .

"I have a dream that my four little children will one day live in a nation where they will not be judged by the color of their skin but by the content of their character . . .

"I have a dream that one day every valley shall be exalted, every hill and mountain shall be made low, the rough places will be made plains, and the crooked places will be made straight, and the glory of the Lord shall be revealed, and all flesh shall see it together."
