

September 1, 1980

Dear Sisters,

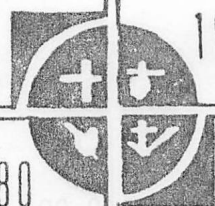

Thank you very much for all you did to help in the celebration of our 100th Anniversary. Your words of encouragement and gratitude have been inspirational to us. We are grateful to all the families, relatives, friends, and graduates who attended our celebration as well as to the hundreds of people we heard from who could not attend but wanted to participate in the celebration. Enclosed is a list of those people and their generous contributions. We wanted to share this with all the community so that we may be aware of the many friends we have and remember them in our prayers. We will soon be sending them a personal thank you as well as copies of all the booklets we received that day so that they can feel a part of Loretto and our 100 years.

Once again, thank you all dear sisters, for your support and encouragement in the planning process and your sincere gratitude for the beautiful liturgy and celebration that followed. We are grateful to all those who worked on the various committees that saw our Centenary celebration to fruition. Without each other this could not have been the memorable occasion it was.

Sincerely in Christ,

Sister Patricia Maloney

Sister Marguerite Caulfield
