

Loretto Convent

Quebec Jan 24. 1921.

My very dear M. Seraphina.

Your most welcome
has just reached. It was a
surprise, a joy, but a
delight because of the
news from Sir Ambrose.
God love the dear, good
man, his is being baked
alive. Take in his per-
sonal surroundings. Must he not
have a terrible time.
The Lord Come to his
aid. He must be a second
St. Francis Xavier. Every
one was thoroughly interested
in that prophetic Pastal.

He is doing much for
God and the Church.
I found the Post Card most
interesting to the pictures
of the Blacks, their dwell-
ings etc. I will pray now
more than ever for
him. I hope his health
will not break down. So
God will take care of him.
I noted the death. I am sure
he was a good man. I shall
remember him in all
my prayers. They remember
every Christmas and Easter.
That was a funny mistake
I made about the Easter
Card at Christmas. There is where
I notice my age more

than any place I am
getting forgetful although
I had a splendid memory
and it was well exercised.
However it has last me
well, for 78 years. I.G. I am 84
in Religion. Do you think
you will hold out that long.
I thank you very much
for all the news you sent
me in three Postal. I have
every Card I get from Sir
A. They are all beautiful I
will give them to you before
I die. you will be delighted
with them. I have not a particle
of news that would prove of
interest to you except that we
are all well, and school good.

You can rely on it that M. Pen
 yna made a big fight against
 Sup. Here is a wish from the
 Breasted of St Patrick Christ
 live in you and the hearts
 of all those with whom you
 associate. Love from
 all to all. When writing to
 Sir Ambrose say kindest re-
 gards please

how a good wish
 thanks for your kind
 message. Was most
 interested in your brother's
 wonderful work
 Sincerely in J.C.
 M. Lewis.

Your Fond Sister.

Mother Scaphunda

I am quite sure this miserable
 scrap is full of mistakes for I was in
 great haste as there are some letters going
 to the "Soc." Give special love to Clara
 I will write next time M. L.
