

MacMullen, Gerald P. (Jerry)

Gave the department this list of ships compiled by Captain Dunnells in the early thirties. At that time Mr. MacMullen was covering waterfront news for the San Diego Union.

Mr. MacMullen told us that prior to 1917 World War I, no official records of ships entering the harbor had been kept. Records existed only such as this one kept by interested sea faring men. He felt this was quite an accurate list.
