Capt. E. C. Divoort,
San Diego, California.

My dear Captain:-

It is with deep regret that we accept your resignation as head of our Stevedore Department, which place you have so ably filled for over thirty years, but as stated verbally, business conditions do not warrant us in standing in your way for bettering yourself.

You have always been faithful to the interests of the Company; always "on the job" early or late with ability in your line which it would be hard to equal, and if this letter will ever be of service in aiding you, as a recommendation, we hope you will use it, and furthermore, hope you will refer the interested parties direct to the writer for information regarding your knowledge of stevedoring.

Sincerely yours,
Spreckels Bros. Commercial Company,
by

Secretary.
