Dear Sir,

My sincere apologies for the delay in replying to your letter of December 14th 1959.

Owing to the death of one owner of this Agency, and the serious illness of the other I have been working alone for some time, and when your letter arrived just before Christmas I was also ill!

I do hope this photograph is not too late for your purpose. It is the only one I can find other than the view you mention of the EUTERPE at the Shaw, Savill dock in Napier.

We have the four photographs of her as the "Star of India" which I enclose for your inspection, as it is not easy to describe views.

The prints are entirely for your approval, so please do not hesitate to return any you do not want. The price is three shillings each, or they can be supplied in larger sizes :-

$\frac{1}{2}$ plate 3/-, $8\frac{1}{2}$ x $6\frac{1}{2}$ 4/-, 8 x 10" 6/-, 10 x 12" 8/- I am not sure whether all these will go to that size). Postage extra.

Yours faithfully,

Mildred M. Vincent (Miss)
