January 21, 1960

Mr. Gerald MacMullen
Serra Historical Museum
2727 Presidio
San Diego, California

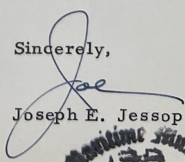

Dear Gerry:

This is written to you on behalf of the Navy Maritime Museum committee appointed by the Mayor, to represent him, in any activities the City itself may become involved in, concerning the receiving and handling of objects of interest which might pertain to the Maritime Museum.

The committee met this morning and we feel your organization is doing such an excellent job in the restoration of the Star of India, that any activities on our part would be a duplicate of your efforts. So, it is our feeling that we should remain comparatively inactive, and our principal function would be to receive and transfer any objects of interest directed to the City, over to your organization. Admiral Hartman is on our committee and expressed extreme interest in helping your organization, in any way he can with ships' models, relics, or other items which might fit in appropriately.

Wishing you continued success.

Sincerely,

Joseph E. Jessop

JEJ/gg
