Dear Mr. MacMullen:

I appreciate your interest in having the two photographs of the survey ships, mentioned in your previous correspondence, forwarded to us. We have received both prints from the Title Insurance and Trust Company and have added them to our file.

We have looked through our historic charts to find an edition that we would consider appropriate for the purpose stated in your letter of May 18, 1965. Extra time was n needed to make a special print of the edition we selected from the original copper engraving. Our extra file copies of this early edition were exhausted, and we had to go back to the plate to get a print. I am sending you the copy by airmail, and I hope that it arrives in good condition.

I wish you well with your project of editing the memoirs of your friend. If we can be of further assistance, I hope you will write to me.

Sincerely yours,

Albert A. Stanley
