The <sup>U</sup>SAN DIEGO UNION,  
Union Building,  
Broadway, Second and Third Streets,  
San Diego, California.

Gentlemen:

Attention: Mr. H. E. Morin,  
Marine Reporter.

Regarding your letter of January 11th, relative to the purchase of one of the steel sailing ships in the vicinity of this Port, be advised that we have taken the matter of towing charges up, and find that it will approximate from four and one-half to five days' time, at \$325.00 per day, which would cover the return to San Francisco of the tug.

I am attaching a copy of our drydock schedule, which will give you the rates per day of drydockage for vessel of the tonnage which you will ultimately purchase.

If, after you have gone over this schedule, you desire any further information regarding your proposed purchase, we shall be very glad to supply you with additional data.

Very truly yours,

BETHLEHEM SHIPBUILDING CORPORATION, LTD.
