Re: "STAR OF INDIA"

Gentlemen:

Congressman Bob Wilson desires to personally present the check for \$23,000.00 authorized by his private bill which successfully passed the House of Representatives and the Senate and was signed by the President.

George Henderson believes that this would be a wonderful occasion to formally start our drive with a kick-off luncheon. We have between 400 and 500 top citizens of this County on our mailing list and I believe with proper planning we could have a large turnout which would be given full press coverage.

We think it very important to have a meeting this coming week for the purpose of planning and organizing the luncheon. We would show the colored film of the ship made by Copley Productions and also we wish to discuss what kind of a pitch for help we will make to those attending the luncheon.

I am setting the meeting in my office for next Wednesday, June 21, at 4:30 p. m. Kindly advise Eleanor of my office as to whether or not you will attend.

Our last meeting was exceptionally well attended and I hope we will be so fortunate again.

Sincerely yours,

J. A. Donnelley
