

THE MANX MUSEUM & NATIONAL TRUST

Douglas,

Isle of Man

19th March, 1970

Dear Jerry,

I trust things are flourishing with you, and that all goes well with the "Star of India" and all who serve in her. I am writing to enquire whether the San Diego Maritime Museum Association have a set of plans of the "Star of India". If so we would be deeply grateful if you could let us have a copy of them. We would of course be very happy to meet any copying charges involved.

I am really writing as a first step towards an idea of having a model of this fine old ship for our Manx Museum. Even if that does not come off - or at least not for the present - it would be excellent to have detailed plans of her for our records here in the Isle of Man. Very naturally we are often asked about her.

Betty joins me in all good wishes to the kind friends we met on our all too brief visit to San Diego.

Best wishes,

Yours sincerely,

Marshall
