

Aquarium

May 8, 1926

Mr. A.E. Tichenor,
Vice President and General Superintendent,
Alaska Packers Association,
San Francisco, California.

Dear Sir:

Permit me to acknowledge your letter of May 5, referring to our proposed aquarium and maritime museum.

Not only was your letter most interesting, but it sets forth just the facts which most desired to learn -- the age of the vessels, how long they might be expected to last, and the approximate cost.

Dr. Wegsforth, our president, is in the east at the present time, but is due to return about the end of the month, and at that time the aquarium committee will meet again, and will probably take some action. Having definite information to work from, our task is now much easier.

Thanking you again for your promptness and interest, I remain

Very truly yours,

Gerald F. Mac Mullen,
Secretary, Aquarium Committee,
Zoological Society of San Diego.
