Mc Cormick Steamship Company,
Matson Building,
San Francisco, California.

Gentlemen:

Permit me, on behalf of the Zoological Society of San Diego, to express our appreciation of the many kindnesses you showed us in regard to the towing of the bark Star of India to this port recently.

It is gratifying to know that, in this purely commercial age, there are organizations which are big enough to help out in a matter of this kind, and to handle such a project for such a nominal fee. You may rest assured, we are sparing no pains in letting business men of this city know how you helped us, and is our sincere wish that we may be able to be of service to you in some way.

Captain Brunnick, who was in charge of Star of India on her trip, speaks in the highest terms of the skill of Captain Silva, of the Wapama, and of the many courtesies extended to him by Mr. Lunny and Captain Tiegen, in preparing the vessel for sea.

Yours very truly,

Gerald F. Mac Mullen,
Secretary, Aquarium Committee.

PLEASE SEND ALL MAIL TO THE ZOOLOGICAL SOCIETY AND NOT TO THE INDIVIDUAL
