Mr. S. F. Mc. Mullen.
Bark, Star of Shetland

Dear Sir!

I'm sending you hereby few negatives and one of my photo as you wished me to do. - Can not obtain any more at present. May be later on I will be able to send you few more which may interest you. - By the way this here negatives do not belong to me, my nephew took them when he was along with me in the "India" and you will be kind enough to send them back when you are through with them.

That one N: 59 is the "Star of Chile" taking in Caern in Bearing sea close by, maybe you can manage to get the name but the picture and it can go then for the "India".
Will see what I can do for you in the future
At present I'm fairly busy and got something else to do.

Hoping you find this few satisfactory

I remain yours truly

P.S. Few of them where taken from the "Star of India" when she made about 11-12 miles in the Gulf of the Farallones.
