

Merrill Milk Dealers Who Sell Milk From Lincoln County Dairy Cows

The below milk dealers bring to you milk from Lincoln County's fine dairy cows. The more milk that Lincoln County farmers can sell to Merrill milk dealers, the more prosperous our county will be. When milk is brought into Merrill by truck, already bottled, from an adjoining county and sold to Merrill consumers, the revenue that ordinarily returns to the farmer, does not exist. At the present time, every effort should be made to consume as much of Lincoln County dairy products as possible. Unless the home owned Merrill milk dealers can sell their products to Merrill consumers, Lincoln County farmers will be unable to dispose of their raw milk, and their purchasing power curtailed considerably.

Keep this in mind—LET'S ALL WORK FOR A MORE PROSPEROUS LINCOLN COUNTY. Ask your milk man if his dairy products come from Lincoln County cows.
