HEALTH UNDERWEAR

READ CAREFULLY and FOLLOW THESE INSTRUCTIONS BEFORE SENDING US YOUR WOOL

We are manufacturing a very high quality line of PURE WOOL PRODUCTS and are making every effort possible to give VALUES many people seek in woolens. To carry on this policy it is necessary that customers send us good wool for the making of our products on a CUSTOM EXCHANGE BASIS offered in this catalog.

Our CUSTOM EXCHANGE basis is based upon wools that shrink 50% average in scouring. If wools are sent us that have a higher shrinkage rate you must assume the added wool needed. If wools are sent that are excessively dirty with straw, chaff, tags, and burrs, we must accept such wools at their discount value.

Do not send us money in advance for CUSTOM WORK. Such orders are returned as promptly as possible for the correct charges Parcel Post, C. O. D.

PLEASE SEND US YOUR WOOL OR ORDER—AS EARLY AS POSSIBLE THIS SEASON

Your Wool and Order May Be Sent Any Time and We Will Ship At Any Later Specified Date You May Advise.

Due to unusual world conditions, we urge our trade this year to place orders as early as possible. With a continuance of the War, we feel unusual conditions regarding prices, manufacturing conditions, etc., will prevail, and our advice is to place your wool clothing requirements EARLY.

WE OPERATE OUR MILLS—THROUGHOUT THE ENTIRE YEAR

Our batt department, blanket and fabric making sections operate throughout the entire year. Wool work may be sent to us at any time during the year.

Our factory salesroom is open daily (except Sundays) from 8 A. M. to 5:30 P. M. If you drive to Merrill, may we extend a cordial invitation to visit our mills and see our plant in operation making the woolens we offer. Fall lines will be in complete readiness by July 15th, and we invite you to call and make selection of your winter apparel and needs at any time.

PRICES . . . owing to higher raw material (wool) costs, and combined with higher labor, factory operation, taxes, etc., ALL PRICES on wool products of every kind and especially in fine pure wool quality are BOUND TO BE HIGHER. These are conditions beyond our control and we reserve the right to revise prices in this catalog without notice. We once again urge our customers to place their orders for woolens EARLY.

EXPERIENCE REAL SATISFACTION IN WOOL PRODUCTS - - -

TRY THE MERRILL WOOLEN MILLS FOR REAL WOOL QUALITY

Do not send us cotton in any form as we are not equipped to handle it and must only return same to you under collect charges.

Do not send us old used wool batts to apply on blanket or clothing orders as we can only accept good new unused wool for such items.

Send us your wool placed in any cotton or burlap sack, using the tag provided, shipping small lots via Parcel Post and large lots via express or freight.

If you send well washed wool, only half as much need be sent as the unwashed basis contained in catalog as listed as required on any item. Washed wool which comes in improperly washed and remains gummy must be re-washed upon arrival.

IF NOT DELIVERED IN FIVE DAYS RETURN TO

Dear Customer:

add 15% to all catalog prices.

For the past 15 years, our mill has maintained a continuous low price on the preparation of wool comforter batts.

NOW, however, due to unusual conditions beyond our control, (such as higher costs of soaps, chemicals, labor and general mill operating expenses), we are forced to revise our prices to the following:

Carding Wahed Wool Into Batts give weight wanted per lb. **25c**
Washing Raw Shorn Wool and Carding Into Batts ---- per lb. **35c**
Washing and Re-Carding "old Comforter Batts" ----- per lb. **35c**
Carding Matted Wool "Felted or Tightly Shrunk Wool" -- per lb. **40c**

Carding Knitted Clothing Into Wool Batts knitted wear only, lb. **50c**
Carding and Spinning Knitting Yarns from your washed wool, lb. **45c**
Washing, Carding-Spinning Knitting Yarns from raw wool per lb. **55c**
Making Dyed Yarns "complete cost from your wool" ----per lb. **90c**

Note: All wool being prepared and shipped following Jan. 10th carries the new revised prices listed.

Present Government regulations on the control of wool use for mills, DOES NOT affect your own grown wool or the wool you wish to card or convert into items we manufacture. We shall continue to operate our mills serving the trade as usual.
