MANUFACTURERS of VIRGIN WOOLENS

Catalog 1935-36

FOR 26 YEARS The MERRILL WOOLEN MILLS has manufactured a widely recognized line of Pure Virgin Wool Products. Today, the high quality of our wool products are recognized throughout the United States. Full well do we realize that Genuine Service and Satisfaction can only come from Quality Woolens.

OUR PRODUCTS Are made of the finest quality, long fibre, Northern grown wool. Every item we manufacture is designed and tailored to render wear and warmth to our customers. Our products, sold direct from mill to wearer, assures you the utmost in Quality—with reasonable mill prices prevailing.

OUR POLICY Has been one of "Square Dealing" with our thousands of satisfied customers. This policy has led to an ever-increasing widespread trade, today extending throughout the United States. Old patrons continually re-order while new patrons order after learning of our High Quality, Honest Values and Prompt Dependable Service.

Experience Satisfaction by Sending A Trial Order

OUR CATALOG Is a departure from our former folder. New fabrics, new items of apparel added to our former products are contained here-in. Keep this booklet intact, in your home where you can conveniently refer to it at anytime, in the need of our products. Prices are quoted on both, custom work and direct purchase plans.

OUR SERVICE Wool may be shipped anytime of the year. Customers may place orders with wool or without wool for shipment as they direct. Wool sent in the spring, can be credited against orders for shipment the following fall. Rush orders are shipped in practically every case within 24 hours after receipt of same.

SEE BACK OF CATALOG FOR ORDERING INSTRUCTIONS

"This opportunity is taken to express our sincere appreciation of the patronage of our thousands of old customers. To all old and new prospective customers, we extend a cordial invitation to visit our mill at any time. Permit us to show you how our quality products are carefully made."

Right off the Sheep's Back

WHEN you ask for wool underwear be sure you get it—pure wool, the kind you would get if you went out on a ranch and yanked it off a sheep's back.

Wright's all wool brand of underwear is made from nature's best. Scientific manufacture with the finest material obtainable is insurance for comfort and long wear.

READ Carefully »» FOLLOW These INSTRUCTIONS

HOW TO SHIP WOOL A good way to ship wool or batts is to pack it in burlap sacks—Ship by parcel post or express—and large lots by freight. Be sure to tag well—ask us—we will send you tags. Write plainly—and do not omit—your name and address on the tags.

WHEN ORDERING Write us—Giving your instructions by mail—Do this at the same time you send the wool. Do not enclose your order or instructions with the wool being sent. Write plainly—especially your name and address. Advise number of sacks you are sending—to help us identify your wool promptly.

DO NOT Send money in advance for custom work. Your return will be made promptly and you pay on arrival.

DO NOT Put instructions in sacks with wool being sent. Write instructions separately in letter to us.

DO NOT Send Cotton Batts or Cotton in any form.

DO NOT Send Angora Wool. All other grades acceptable.

WE SPECIALIZE IN CUSTOM WORK . . . ,

By custom work . . . is meant, making up batts, blankets, and clothing from wool sent us, you paying only the manufacturing cost. Custom work prices prevail throughout our catalog. Our policy has always been to give special attention to custom work. Wool sent for batts is guaranteed to be handled individually through all processes and your own wool is positively returned to you. Take advantage of our custom work prices. Your wool also accepted at market price prevailing on cost of all items.

A Few Facts About Wool

WOOL SHRINKAGE Various grades of grease wool shrink very differently in washing and carding. Most wools used in our mill shrink 50% or more. Thus it takes 2 pounds of grease wool to make 1 pound of good clean washed wool. Burry, sandy, and extremely dirty wools will shrink as much as 80%. Fine wools, such as Merino, and Delaine, shrink 60% to 70%. Our prices for custom work are all based on a 50% wool shrinkage. Proportionately more wool should be sent us—if heavier shrinkage grease wools are sent us.

WASHING WOOL properly must be thoroughly understood. Unless wool is properly and cleanly washed it will not make a fine woolen product. Home washing in many cases is satisfactory. Much home washed wool is not satisfactory. In some cases it remains greasy, some not clean, some gummy and with some matted. We charge only 5c per lb. to wash grease wool on the finished washed and dried weight. This is done properly and reasonably. We accept either washed or unwashed wool for all items.

Please Send Us Your Wool As Early As Possible Each Season.
