NEW ENTERPRIZE FOR THE COUNTY

**Lincoln County May Soon Boast
a Skunk, Wolf, Fox and
Raccoon Farm**

Lincoln county may soon boast another unique farm owing to the decision of Messrs. Thomas and John Alery to start a farm for the rearing of skunks, wolves, foxes and racoons. The farm will be located on the Copper river and the enclosure will be one of forty acres. The enterprise will be a large one and the animals will be raised for their skins. The project will represent an investment of about \$4,000. Mr. Thomas Alery has sold his glove manufacturing business to Thomas Mionskowski, of Stevens Point, who will move to Merrill shortly to take full charge of the business.

Merrill Daily Herald 11 September 1912

WILL DOUBLE THE CAPACITY

**New Owner of Glove and Mit-
ten Factory Will Make Fur
Coats, etc.**

Thomas Mionowoski, of Stevens Point, who has purchased the Thomas Alery glove and mitten shop, is expected to arrive in Merrill this evening with his family. He will continue operating the factory in the new factory building erected by Mr. Alery across from the Trinity Evangelical Lutheran school. In addition to manufacturing gloves and mittens, Mr. Mionowoski will also manufacture all kinds of fur coats and ladies' fur and will employ about six hands or double the number which Mr. Alery employed.

Merrill Daily Herald 5 September 1912

Thos. Miskowski, who purchased the glove and tanning business of Thos. Alery, comes of a family of tanners and furriers, and has had 18 years experience in the business. In addition to his other lines he makes a specialty of repairing fur coats and ladies' furs, and promises satisfaction. Heretofore it has been necessary to send this work out of town. Read his adv. and remember him.
