Estelle began her fashion business on November 8, 1945. In 1946, the store was remodeled and increased its size from 15 to 35 feet. By 1964, Estelle had enlarged her store to 25 x 55 feet with an added stockroom with dimensions of 25 x 30 feet. Since 1969, Estelle has added 20 more feet to her stockroom and also built a larger receiving room in her store. Merrill's House of Fashion has become more convenient for its customers and is receiving more and more new selections of today's fashion.
