RE: N- 100331

Dear Sir:

In reply to your inquiry regarding a Mrs. Regina Regan, 33 Dunlap Street, Dorchester, we wish to say that she was employed here as a laboratory technician until November 30, 1958 on which date she resigned from her position at this laboratory.

Mrs. Regan was absent from work from September 29 thru October 10, 1958 (10 days) because of above accident. However, she did not lose any salary for this time since she had accumulated sick leave from which these ten days were deducted.

We hope this is the information you wish.

Very truly yours,

Genevieve O. Stuart
Assistant Director
In-charge Wassermann Laboratory
