February 13, 1939

Dr. William A. Hinton,
Wassermann Laboratory,
25 Shattuck Street,
Boston, Mass.

My dear Doctor Hinton:

The 1939 budget bill as presented to the General Court by His Excellency the Governor carries \$19,300 for personal services and \$6300 for expenses for the Wassermann Laboratory. The budget estimates submitted by you were \$19,500 for personal services and \$6540 for expenses. Would you let me know as soon as possible whether these reductions should be protested and if so on what basis.

Yours very truly,

E. C. Robinson

Director
